EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Smith on 6/2/2005.

The application has been amended as follows:

Claim 2, line 2, "the" is changed to --a--;

Claim 7, line 3, "the" is changed to --a--;

Claim 15, line 2, "seat back and" is changed to --and the lower surface of the--;

Claim 17, line 2, "seat back and" is changed to --and the lower surface of the--.

2. The following is an examiner's statement of reasons for allowance: Regarding claims 2 and 7 no prima facie references are of record in this application that would allow the claimed lateral movement in combination with the floor recess and the dual pivot leg. In particular, the references to Mathews and Shimizu et al. has lower pivots within the recess with no room for lateral movement. The reference to Rudberg has no room for seat lateral movement in deployed position due to lateral structures seen in figure 2 and no reason for lateral movement in pivoted position due to alignment of seat and recess 16.
